

§ 68-43. Authority of Secretary of Environmental Quality to remove or confine ponies on Ocracoke Island and Shackleford Banks.

Notwithstanding any other provisions of this Article, the Secretary of Environmental Quality shall have authority to remove or cause to be removed from Ocracoke Island and Shackleford Banks all ponies known as banks ponies or marsh ponies if and when he determines that such action is essential to prevent damage to the island. In the event such a determination is made, the Secretary, in lieu of removing all ponies, may require that they be restricted to a certain area or corralled so as to prevent damage to the island. In the event such action is taken, the Secretary is authorized to take such steps and act through his duly designated employees or such other persons as, in his opinion, he deems necessary and he may accept any assistance provided by or through the National Park Service.
